**Snehi Shree Nileshbhai,**

Saprem Abhinandan.

Service to mankind is not confined only to structural boundaries. Service to human is supreme task which in all forms is highly appreciated. The selfless effort to serve the society is only possible with dedication. The task to arrange for organ donation is one of the most challenging one which needs lots of patience and humbleness.

I convey my heartfelt blessings to your noble work of **'Cadaver Organ Donation'** to save other's life.

May you carry this task with more zeal and enthusiasm to save more lives.

**(Narendra Modi)**
